New show set to lift the lid on legends of magic

Ripon magician Chris Cassells. (S)

A RIPON magician is to unveil his debut act at The Playhouse in Pateley Bridge shortly. Young talent Chris Cassells hopes his show, called From Houdini to Potter, will astound and astonish in more ways than one as it shows you magic through the eyes of the magicians themselves. To be held on November 19, the show will explore what drives some of the most famous magicians in history to spend their entire lives effectively deceiving others. All profits are being donated to the continued upkeep of the Pateley Playhouse. Chris said: "It will be the first time anyone will have seen the act and I will be taking it to the Edinburgh Fringe Festival next year. "Magicians have used humour, darkness, sleight of hand, psychology and imagination to mesmerise their audiences but what drives them to do it?" ● For tickets costing £4 each, please telephone 01765 601428. Please note, the performance is not suitable for children under 12 years of age.

There is no keeping him down!
Chris surfaces again to entertain us in Pateley Bridge.
